

IMPORTANT COVID-19 UPDATE FOR MEMBERS

TEMPORARY RESTRICTIONS IN FORCE FROM 5PM ON THURSDAY 6TH MAY, 2021.

The NSW Government has announced some temporary restrictions that will apply from 5pm on Thursday 5th May until 12am Monday 10th May.

The main restrictions that will impact on members and guests visiting the club will revolve around the wearing of face masks and the requirement to be seated whilst consuming alcohol indoors. We are also urged to minimise crowding and encourage social distancing where possible.

FACE MASKS:

In regards to the mandatory wearing of face masks for the hospitality and retail industry, all patrons will be required to wear a face mask whilst in the **Pro-shop** and whilst **Playing Poker Machines**. Patrons in indoor gaming areas will be permitted to remove their mask whilst eating or drinking. For this purpose, all gaming areas are considered to be indoor areas. Given that we have all been down this road before we urge members and guests to carry a face mask if you are going into any of these areas of the club. If patrons don't have a face mask, disposable masks will be available from behind the bar.

NO STANDING WHILE DRINKING:

As per the announcement, clubs are required to ensure patrons remain seated whilst consuming alcohol in indoor areas of the venue. We also ask that the movement of furniture, particularly during busy periods is kept to a minimum as this assists staff with the management of overcrowding, particularly in the high traffic and service areas of the club.

SIGN IN & CHECK IN:

We would also like to take this opportunity to advise members that the sign-in terminal has been upgraded to interface with the Service NSW Safe-Check-In System. It is still a requirement to Check-In to the venue via the Service NSW COVID Safe Check-in Tool. This can now be done by simply swiping your membership card at the sign-in terminal. Members will be required to re-enter their phone number once and simply confirm their details haven't changed on each subsequent visit. It is a much simpler process that kills two birds with one stone and has the added benefit of assisting staff with the monitoring of patron numbers in the venue at any given time. Don't forget to check-out from the sign-in terminal when you leave the venue.

Any patron that does not have a smartphone, or can't access the Service NSW app will need to be checked in manually. Our friendly staff will continue to assist you with this process by using the Service NSW Concierge Webform if necessary.

Contact details submitted via the COVID Safe Check-in tool are stored securely on a NSW Government database. After **28 days**, the data is destroyed. The data will only be used by NSW Health for the sole purpose of COVID-19 contact tracing.

We are committed to ensuring a safe and enjoyable experience for all members and guests and ask that you to co-operate with staff and follow their instructions at all times.

Let's stay safe, let's stay aware, let's stay open.

Thank you for your cooperation.

On Behalf of the Board of Directors
